<p>Preterm</p> <p>➤ <i>These formulas are for preterm or low birth weight infants, as prescribed by a medical professional.</i></p>	<p>Similac NeoSure Enfamil EnfaCare or NeuroPro EnfaCare</p>	<p>✓ If you cannot obtain any of the Preterm formulas, you may temporarily give any formula from the Standard, Sensitive/Gentle, Semi-Elemental/Hypoallergenic, or Elemental categories until you find more Preterm formula. <u>If using a substitute formula, follow the instructions for mixing on the back of the can.</u></p>

** Names of store brand infant formulas (such as Parent’s Choice, Up&Up, Kirkland, Earth’s Best, etc.) will usually be similar to those in each category. For example, “Parent’s Choice Sensitivity” is similar to “Similac Sensitive,” “Parent’s Choice Advantage” is similar to “Similac Advance,” “Up & Up Hypoallergenic Infant” is similar to “Similac Alimentum.”
