Fax: 402-955-5803

HeartCode PALS
HeartCode PALS is the AHA's blended learning delivery method for the AHA's PALS Course. HeartCode blended learning delivers quality resuscitation education regardless of where providers are located and gives them more control to complete the course at their own pace. Providers first complete the online portion of HeartCode PALS and then complete a hands-on skills session with an AHA PALS Instructor or a HeartCode compatible manikin.

Skills sessions take place at the Clinical Education Offices located at 8401 West Dodge Road in the Lower Level of Indian Hills North.

The American Heart Association strongly promotes knowledge and proficiency in CPR and has developed instructional materials for this purpose. Use of these materials in an educational course does not represent course sponsorship by the American Heart Association, and any fees charged for such a course do not represent income to the Association.

*In order to utilize payroll deduct, you must be a current Children's employee and have payroll deduct enabled
