8401 West Dodge Road in the Lower Level of Indian Hills North.*

## HeartCode PALS

HeartCode PALS is the AHA's blended learning delivery method for the AHA's PALS Course. HeartCode blended learning delivers quality resuscitation education regardless of where providers are located and gives them more control to complete the course at their own pace. Providers first complete the online portion of HeartCode PALS and then complete a hands-on skills session with an AHA PALS Instructor or a HeartCode compatible manikin.

Our PALS courses are HeartCode classes. HeartCode is a two-part course. You will pay AHA to complete HeartCode PALS via the AHA website: [www.elearning.heart.org](http://www.elearning.heart.org). Select the "Courses" dropdown menu, then select "Pediatric Advanced Life Support (PALS)." You will receive a certificate that you **MUST** bring to your PALS Skills session.
