

ORIENTATION AND GENDER DEVELOPMENT

COPE WEBINAR SERIES

THURSDAY MAY 16, 2024

12:00 PM to 1:00 PM

This 60-minute webinar guides health care providers through the composition of orientation and gender: what they are, how they present, and how they develop. The webinar then addresses special considerations when serving sexual and gender minority patients due to minority stress. By exploring identity development and pinpointing present societal factors, healthcare providers will have better knowledge on how to break down misconceptions and address barriers in patient care.

Presented by Ryan Sallans, MA, an international speaker and author. Over the past 20 years, Ryan has specialized in the fields of orientation and gender development.

This presentation will be held virtually via Zoom. The Zoom link will be sent to all registrants prior to the session. This training is free to attend and 1 CME will be issued upon completion. **To register, use the QR code below.**

This project is supported by the American Rescue Plan Act (ARPA) of 2021 funding for State and Local Fiscal Recovery Funds (SLFRF) and is being administered by the Behavioral Health Education Center of Nebraska (BHECN) at the University of Nebraska Medical Center (UNMC) by way of an award totaling \$1.8 Million.
